Keywords: Quick Blogcast IP Address

To improve the performance of Quick Blogcast, we are moving the Quick Blogcast servers to a new IP address. If your domain is not registered with us, you need to make sure that your domain is pointing to 208.109.80.14. If you need assistance with this process, contact your registrar about redirecting your domain to this new IP address. You should perform this change as soon as possible to avoid any interruption of service.**NOTE:** If your domain is registered with us, we update your IP address automatically.
