You can upload sound files up to 100MB in size. To Upload Your Sound File to Quick Blogcast Click **Upload** at the bottom of the Quick Recorder. The Upload window displays. In the **Name your podcast episode** field, enter a name for your podcast episode. Optionally, you can adjust the **Quality** of your podcast by moving the slider to Low, Mid, or High. Click **Upload**.

Note: If you are not already logged in to Quick Blogcast, you will be prompted to log in to Quick Podcast. In Quick Podcast, click **Upload**. For further information see, [Creating a Podcast with Quick Recorder](#).
