Keywords: shopper account

Business Registration can be added to any domain name that appears in your shopper account. To Add Business Registration Log in to your [Account Manager](#). In the **My Products** section, click **Manage Domains**. Click **Upgrade Domain** next to the appropriate domain name. On the **Upgrade Registration** page, select **Deluxe Registration**. Click **Next** and complete the checkout process. To manage your Business Registration after purchase, see [Managing your Business Registration account](#).
