Summary: The way how to manage your Business Registration Account ,do as the following;

To Set Up or Edit Your Business Registration Account

Log in to your Account Manager.

From the Domain Names drop-down list, select Business Registration.

Next to the Business Registration account you want to modify, click Manage Account.

In the Business Registration control panel, select Business Information from the menu bar at the top of the page.

Add or edit your business information, including:

Address: Enter the business' name and address how you want it to appear in the Business Whols listing.

Contact: Enter the business' phone number and fax number (e.g., (000) 000-0000) as well as a contact email address.

Description: Enter a description of the business and the products and/or services it offers.

Business Hours: Specify the business' hours of operation for each day of the week.

Categories: Specify the categories and sub-categories to which the business belongs.

Online Business Card: Specify if you would like to use the Online Business Card as your Web site.

Click OK
