Keywords: multiple VAT IDs

Yes. Each of the payment methods associated with your account can have a different VAT ID. To Add a New Payment Method with a different VAT ID Log in to your [Account Manager](#). In the My Account section, click **Credit Card & Payment Info**. In the Payment Methods list, select **No Payment Method** and then click **Update Payment Option**. Under Change Payment Type, select **Add New Payment Type**, select the payment type you want to add, and then click **Save Changes**. Under New Payment Information, enter your account details and billing information. **NOTE:** If you are using a VAT ID, you must enter a company name. In the **VAT (Tax ID)** field, enter at Value Added Tax (VAT) ID. **NOTE:** When you select the country that is a member of the EU from the Country drop down list, the field for VAT (Tax ID) displays. Click **Save Changes**.
