

Title: What Happens if One of the Steps for Setting Up a Certified Domain Fails?

Subtitle: Certified Domain

Author: Jane83

Date: 2008/2/22

URL: <http://www.powerhoster.com/domainhosting/modules/article/view.article.php/c4/877>

Keywords: Certified Domain

If POWERHOSTER.COM fails to successfully complete any of the steps involved in the authorization and validation process (i.e., domain authorization, fraud screening, and telephone verification), the Certified Domain request is denied.
