

Title: What is the URL for the Database Publishing Service?

Subtitle: Windows Hosting

Author: Jane83

Date: 2008/2/24

URL: <http://www.powerhoster.com/domainhosting/modules/article/view.article.php/c7/1004>

Keywords: DPS Hosting Control Center

The URL for the Database Publishing Service (DPS) is located in the Database Information section of your Hosting Control Center. To Locate the URL for the DPS Log in to your [Account Manager](#). In the **My Products** section, select **Hosting Account List**. Click **Open** next to the hosting account you want to modify. In the **Databases** section of the Hosting Control Center, click the **SQL Server** icon. Click the pencil icon next to the database you would like to work with. Click the **Configuration** icon. The Database Publishing Service URL displays in the Configuration details area. For additional information about the Database Publishing Service and the Database Publishing Wizard, see the following articles: [What are the Database Publishing Service and Database Publishing Wizard?](#) [Configuration Information for the Database Publishing Wizard](#)
